Dear Steve,

Thank you for sharing with us your documentary film proposal, *Praying with my Legs: Abraham Joshua Heschel and the Search for a Meaningful Existence*. Heschel's life and work intersect with pivotal moments of American history and reflect the changing attitudes of the time, especially regarding racial and religious tolerance. An exploration of Heschel's commitment to social justice and interfaith dialogue should make a fascinating and timely documentary.

As we discussed, because of previous funding commitments, WETA is not able to partner with you to develop this project. I wish you the best of luck with your fund raising efforts and hope you will keep in touch with WETA once you are fully funded. I would be happy to discuss a possible partnership to present the film to a national public television audience.

Best regards,
